every sense of the word, outstanding individuals," according to Mrs. Arthur Orrell, American Abroad coordinator for Torrance Chapter of AFS this year.

"Robin was one of more than 50 applicants who met preliminary screening requirements last October. Anyone who needs to have his faith renewed in our youth should work with AFS," Mrs. Orrell continued, "to see what fine people they really are."

Torrance semi-finalists in the program were Mike Belzer and Kathy Warne, Torrance High; Sharon Alexander and Julie Strubar, South High; Richard Epstein and Becky Dominguez, North High; and Judy Drury at West. They were all excellent candidates and more would have been able to go if homes had been available overseas.

Screening for next year's candidates will begin early next fall for qualified high school juniors and seniors.

Mrs. William Trommald, health chairman, announces that the Juniors will personally distribute the American Heart Association's "Guide to Community Resources" to selected physicians in Torrance and surrounding areas.

This project, in connection with the Los Angeles County Heart Association, will enable physicians to have at their fingertips an up-to-date, conclusive guide of resources to assist the heart patient and his family to obtain social and economic services from the appropriate community agencies.

This "Guide" prepared by the Social Work Committee includes veteran hospital information, veteran benefits, employment services, family aid services, and a host of other valuable resource information which doctors will be able to refer to any heart patient.
